

Convention Centre wc1

Main Description

A superbly located and recently modernised venue that presents a host of options to your event. The main space features natural light cascading through its stylish 1950s space-frame ceiling, this space also features a timber sprung floor and a fixed presentation stage, providing an impressive and versatile venue.

The hall features the very latest audio-visual equipment, with touch screen controls providing high quality sound, with mood and conference lighting. A 12ft drop down screen guarantees high impact presentations, and the built-in stage with its contemporary furniture and lectern, not only makes set-ups fast and easy, but can accommodate either front or back projection.

The venue was designed for conferences and conventions however it is a perfect party space and would lend exceptionally well to be dressed and themed.
